Contents

NUMBER 1, MARCH

1 *Stephen L. Corson, Frances R. Batzer, Chari Otis* and *Judith Corson* Clomiphene citrate: nuances of clinical application

19 *Trevor J. Mudge, Lesley Blight, Graham H. White* and *Stephen J. Judd* Influence of prolactin on serum androgens in normoprolactinaemic women

27 *J. Christopher Dalrymple, David H. Smith, Borys Shuter* and *D. M. Saunders* Reduced pregnancy rates in AID women with unsuspected ovulatory failure

33 *C. Y. Hong, B. N. Chiang* and *P. Wu* Quantitative evaluation of the spermicidal potencies of vaginal contraceptives with a transmembrane migration method

39 *David H. Handelsman, Ann J. Conway, Inge Radonic* and *John R. Turtle* Prevalence, testicular function and seminal parameters in men with sperm antibodies

47 *M. K. Nicholas* and *J. P. P. Tyler* Characteristics, attitudes and personalities of AI donors

55 *H. W. Gordon Baker, Garry N. Clarke, Bryan Hudson, John C. McBain, M. Patricia McGowan* and *Roger J. Pepperell* Treatment of sperm autoimmunity in men

73 *Gabor T. Kovacs, Christine E. Clayton* and *Patricia McGowan* The attitudes of semen donors (short communication)

NUMBER 2, JUNE

77 *Alastair H. MacLennan* Invited review: The role of relaxin in human reproduction

97 *Makarand K. Oak, Catherine A. Vaughan Williams* and *Max Elstein* Invited review: The current status of infertility associated with pelvic endometriosis

113 *The World Health Organization's Special Programme of Research, Development and Research Training in Human Reproduction — Task Force on Intrauterine Devices for Fertility Regulation* The alza T IPCS 52, a longer acting progesterone IUD: safety and efficacy compared to the TCu220C and multiload 250 in two randomized multicentre trials

129 *J. F. P. Kerin, G. M. Warnes, P. Quinn, R. Jeffrey, B. Godfrey, T. J. Bloom, M. McEvoy, C. Kirby, M. Johnson* and *L. W. Cox* The effect of Clomid induced superovulation on human follicular and luteal function for extracorporeal fertilization and embryo transfer

143 *Elizabeth A. Lenton, Gordon F. Lawrence, Rosalind A. Coleman* and *Ian D. Cooke* Individual variation in gonadotrophin and steroid concentrations and in the lengths of the follicular and luteal phases in women with regular menstrual cycles

151 *John P. P. Tyler, Michael K. Nicholas, Noel G. Crockett* and *Geoffrey L. Driscoll* Some attitudes to artificial insemination by donor

NUMBER 3, SEPTEMBER

161 *H. W. G. Baker, H. G. Burger, D. M. de Kretser, J. K. Findlay, B. Hudson, V. W. K. Lee* and *C. G. Tonis* Invited review: Present status of research on inhibin: an appraisal

175 *Edward J. Keogh, Janice L. Meakin, Strahinje Banovic, David H. Curnow, Patrick G. H. Giles, Iain J. Clarke* and *J. Dennis Wilson* Ovulation induction with pulsatile gonadotrophin releasing hormone (GnRH)

191 *Peter F. McComb, Victor Gomel* and *Luc O. Delbeke* Short communication: Preovulatory ovum harvest and transfer to sterile and infective hydrosalpinges in the rabbit

195 *Robyn Rowland* and *Coral Ruffin* Community attitudes to artificial insemination by husband or donor, *in vitro* fertilization, and adoption

207 *C. D. Matthews, J. Ford* and *C. Kirby* The XX male. Clinical and theoretical aspects

217 *Maha M. Mahadevan* and *Alan O. Trounson* Biochemical factors affecting the fertility of cryopreserved human semen

229 *Ian S. Fraser* Postdanazol amenorrhoea

235 *Trevor J. Mudge* Occasional comment: *In vitro* fertilization — a two-edged sword

NUMBER 4, DECEMBER

237 *Roger J. Pepperell, Cecilia Martinez* and *Ann Dickinson* Natural history of patients with hyperprolactinaemia

249 *Robyn Rowland* Attitudes and opinions of donors on an Artificial Insemination by Donor (AID) programme

261 *Stephen K. Smith, Elizabeth A. Lenton* and *Ian D. Cooke* Premenstrual levels of 17β oestradiol and progesterone in plasma in cycles of short and normal luteal phase length

269 *M. Patricia McGowan, H. W. Gordon Baker, Gabor T. Kovacs* and *George Rennie* Selection of high fertility donors for artificial insemination programmes

275 *Mark N. Schoeman* and *John P. P. Tyler* Effects of surgical lubricants on semen analysis

283 *Kay Dunn* and *Gabor T. Kovacs* Occasional view: Do copper containing intrauterine contraceptive devices need to be changed after 2 years?

289 *Patrick Quinn, David G. Whittingham, Colin D. Matthews, Robert F. Seamark* and *Lloyd W. Cox* Short communication: Use of imported cryopreserved hamster oocytes in the diagnosis of male infertility

295 *Gabor T. Kovacs, H. W. Gordon Baker* and *Heather A. Vaux* Short communication: Outcome of AID in initial and subsequent courses of treatment
